OBJECTIVE

B.Tech. IT student at Amity University (2027) with experience building and deploying full-stack applications using Python, Flask, React, Node.js, and PostgreSQL. AWS Cloud trained via NASSCOM FutureSkills Prime. Seeking cloud, DevOps, or backend roles.

EDUCATION

Amity University

Bachelor of Technology in Information Technology | CGPA: 7.26/10

Noida, Uttar Pradesh

2023 – 2027

TECHNICAL SKILLS

Cloud & Infrastructure: AWS (EC2, S3, VPC, IAM), Linux CLI, Git/GitHub, GitHub Actions

Languages: Python, JavaScript, Bash

Backend: Node.js, Express.js, Flask, REST API Design

Databases: PostgreSQL, MySQL, SQLite, Supabase

Tools: VS Code, Postman, Jupyter Notebook

Networking: TCP/IP, DNS, HTTP/HTTPS, Subnetting, OSI Model

Other Tools: VMware, Google Colab, Overleaf, MS Office (Excel, Word, PowerPoint)

INDUSTRY PROJECT

AWS Cloud Intern | AWS (EC2, S3, VPC, IAM, CloudWatch)

May – Jun 2026

SmartBridge x NASSCOM FutureSkills Prime (MeitY Initiative)

- Completed 60-hour AWS Cloud Practitioner training covering EC2, S3, VPC, IAM, and CloudWatch
- Built hands-on project applying AWS fundamentals to real-world cloud deployment scenarios
- Evaluated on 30% technical assessment and 70% project work by industry expert mentors

PROJECTS

StudyAI | React, Node.js, Express, PostgreSQL, Groq API

Jan – Mar 2026

- Built AI study platform with JWT auth and 8+ REST endpoints for flashcards, grading, tutoring
- Deployed frontend on Vercel, backend on Render with Supabase PostgreSQL
- Handled rate limits and AI API failures with robust error handling

MindBloom | React, Node.js, Express, PostgreSQL, Vercel, Render

Jan – Mar 2026

- Built wellness platform with JWT auth, Supabase RLS, rate limiting
- Added scheduled email reminders via node-cron and Resend API
- Deployed on Vercel/Render with Supabase PostgreSQL

MindfulYou | Flask, Python, PostgreSQL, Groq API, OpenCV

May – Aug 2025

- Built Flask backend with PostgreSQL schema for users, chats, sessions via Neon.tech
- Integrated Groq API chat support and OpenCV webcam emotion detection
- Built Chart.js dashboards for sleep, activity, mood trends

CERTIFICATIONS

Fundamentals of Deep Learning – NVIDIA

Feb 2026

AWS Cloud Virtual Internship – NASSCOM FutureSkills Prime x SmartBridge

Jun 2026

ACHIEVEMENTS

Bronze Medal – National Science Olympiad

Co-authored research paper on AI-based mental health platform (MindfulYou) – submitted for journal publication
